# Education

<ul> <li>Ph.D. Applied Mathematics</li> <li>Northwestern University, Evanston, IL</li> <li>Advised by: Daniel M. Abrams</li> <li>Dissertation: Mathematical Models of Social Systems</li> <li>with Applications to Urban Scaling Laws and Political Party Polarization</li> </ul>	2018		
M.S. Applied Mathematics Northwestern University	2014		
B.S. Mathematical Sciences; B.S. Physics Worcester Polytechnic Institute (WPI), Worcester, MA With high distinction	2013		
Academic Positions			
Santa Fe Institute (SFI), Santa Fe, NM Omidyar Fellow and Peters Hurst Scholar	2018–present		
Northwestern University, Evanston, IL Teaching and Research Assistant	2014–2018		
Argonne National Laboratory, Lemont, IL Lee Teng Intern in Accelerator Physics	2012		
Worcester Polytechnic Institute, Worcester, MA Research Assistant, Social Psychology Inquiry Lab	2010–2012		
Industry Positions			
Airbnb Inc., San Francisco, CA Data Scientist Intern	2017		
Awards and Fellowships			
Omidyar Fellowship, Santa Fe Institute     Cross I Drive in Letters the Date Viscoslication	2018		
• Grand Prize in Interactive Data Visualization, Northwestern University Computational Research Day	2018		
• The Red Sock Award for Best Poster Presentation, SIAM Conference on Applications of Dynamical Systems	2017		
• SIAM Student Chapter Certificate of Recognition	2017		
• Terminal Year Fellowship, Northwestern University	2017		
• Integrated Data Science Traineeship, Northwestern University	2016		
• Walter Murphy Fellowship, Northwestern University	2013		
• First Place, Student Paper Competition at Annual Microwave Power Symposium held by International Microwave Power Institute	2013		

•	Second Place, IEEE Student Paper Competition	2013
•	Salisbury Prize for Outstanding Seniors, WPI	2013
•	Provost's Major Qualifying Project Award, WPI	2013
•	WPI Presidential Scholarship	2009

### Manuscripts under Review

• V.C. Yang, T. van der Does, H. Olsson, "Falling through the cracks: a dynamical model for the formation of social category boundaries," under review.

Preprint: https://arxiv.org/abs/1911.10419

### **Teaching**

- 2019 • Lecturer, Complex Systems Summer School, Santa Fe Institute Design and conduct lecture for interdisciplinary student body, including graduate students, post-docs, faculty, and industry representatives from a wide range of disciplines.
- Guest Lecturer, Transforming Cities Mini-course, 2019 Carnegie Mellon University and University of Pittsburg Design and conduct lecture for interdisciplinary course for graduate and undergraduate students from broad range of majors.
- Teaching Certificate Program, Northwestern University 2016-2017 Complete semester-long program for learning good teaching practices
- Invited lecturer, Northwestern University Undergraduate Math Society 2016 Invited by undergraduate student club. Design and conduct lecture. Students are undergraduate math majors or prospective math majors.
- Teaching Assistant, Dept. of Mathematics, Northwestern University Design and lead recitation sessions for undergraduate math courses, including calculus and linear algebra. Grade exams and tutor students. Courses taught include calculus and linear algebra.
- Argentine Tango Instructor, NuTango, Northwestern University 2016 Design and lead weekly dance classes, with focus of relaxing gender norms.
- Teaching Assistant, Dept. of Mathematics, WPI 2011 - 2013Design and lead recitation sessions for undergraduate math courses, including calculus and differential equations.

# Leadership

- Co-organizer of Minisymposium, SIAM Conference on Dynamical Systems 2021 2020-present
- Founder and organizer, Around Science Discussion Group, SFI 2020 Organize discussion groups focused on big questions facing academic life. Topics include how to promote work-life balance in academia, and scientists' role in society.
- Organizer, Inaugural NICO Research Jam 2018 Organize event for seeding new interdisciplinary research collaborations at Northwestern Institute for Complex Systems
- Chair of Organizing Committee, Chicago Area SIAM Student Conference Lead team from 3 universities to organize and raise funds for conference of around 100 participants. Goal is to of bridge the lack of communication among students using similar math techniques in different fields.
- Chapter President, Society for Industrial and Applied Mathematics 2016 - 2017
- Executive Board, Graduate Leadership and Advocacy Council, Northwestern University 2016–2017
- Co-founder and President, NuTango Northwestern 2015-2017 Found student group for inclusive community through Argentine Tango dance, focus on relaxing gender norms in partner dance.
- Chapter President, Pi Mu Epsilon US Honorary National Math Society 2012 - 2013

#### Science Outreach

- Activity leader, Julia Robinson Mathematics Festival, Santa Fe, NM
  - 2019

2020

• Volunteer, InterPlanetary Festival, Santa Fe, NM

• Volunteer, Brave Initiatives, Chicago IL	2018
• Judge, Northwestern University High School Project Showcase, Evanston IL	2017-2018
• Speaker, Seven Minutes of Science Symposium, Evanston IL	2017
• Volunteer, Grand Prix Challenges, Evanston 5th Ward Middle School, Evanston IL	2016
